Addendum V

St. Louis College of Health Careers Academic Catalog

Add the following statement under Payment Policy on page 46 of the Academic Catalog:

Payment Policy related to Military Students and/or other students using VA Funding Options

Veterans Benefits and Transition Act of 2018 Section 103

SLCHC ensures that we will not impose any penalty, including the assessment of late fees, the denial of access to classes, libraries or other institutional facilities, or the requirement that a **Chapter 31** or **Chapter 33** recipient borrow additional funds to cover the individual's inability to meet his or her financial obligations to the institution due to the delayed disbursement of a payment by the U.S. Department of Veterans Affairs.

Further, the restriction on penalties would not apply in cases where the student owes additional payments to the school beyond the amount of the tuition and fee payment from VA to the school.
